

From Lady Mary Hallinan, chairman, Newport Visitor Centre Action Group

We are sorry you are not well.

As you have told us that your role is “through consultation to set out the options available, the potential impacts and recommended next steps for decision” and had suggested meeting us to discuss matters in more detail on Friday which is now no longer possible, when do you suggest this now takes place? In the circumstances do you agree that the issues relating to your tourist services in Newport cannot be properly dealt with at the November meeting and that it should be February?

Yours sincerely

Mary Hallinan
