

From Lady Mary Hallinan chairman Newport Visitor Centre Action Group

Dear Mr Jones.

We were to have a promised consultation meeting with James Parkin on Friday which is no longer possible as he is ill. I enclose a document which sets out concerns ,that the community has, over the lack of proper consultation both as to closure and the new ways of providing services in this area.

In the circumstances we feel very strongly that it is fair and reasonable to ask that the Newport proposals be dealt with at your February meeting there not being sufficient time now before November 30 to have a meaningful dialogue as to the possible options open to us.

Yours sincerely

Mary Hallinan.
